## **A Message from Sister Janet:**

By now, most of you are well settled in your courses for the FALL 2001 semester, and have met with your academic advisors. We have had a number of changes in the Advisement personnel for this 2001-2002 year.

**Sister Therese Donahue**, who served so many of us so graciously and competently as **Director of Advisement** for almost ten years, resigned in May. Please join me in thanking **Sister Therese** for her invaluable direction and assistance in making our advisement procedures so beneficial to you, our students! We all appreciate the wonderful service Sister Therese has provided both our students and our advisors. We plan to have a farewell reception for Sister later in the semester.

In July, **Robin Bishop** joined the Mount community here at the Doheny Campus, and took on Sister Therese's responsibilities as **Assistant Director of Academic Advisement**. Many of you, especially our new students, have already worked with Robin to set your Fall schedules. I encourage you to stop by the Advisement/Career Center to meet and welcome Robin to MSMC!

1. I am looking for a student employee available to work on Tuesday, and/or Thursday mornings as a medical receptionist. I prefer a pre-nursing or pre-health major. If you meet these criteria and are interested, please call my office for an interview.
2. Remember that all students, both residents and commuters, are required to meet certain health requirements. All of the requirements, with the exception of a complete physical exam, can be completed at our office. The physical exams can be scheduled at Chalon Health Services or with your own health care provider. The phone number for Chalon is (310) 954-4110. Doctor or Nurse Practitioner appointments are made Monday through Thursday in the afternoon only. Chalon Health Services, however, is open Monday through Friday from 8:00 -4:30 p.m.
3. Many pharmacy/toiletry items can be purchased from our Student Health Mart at discount prices. Some of these items include: multivitamins, thermometers, toothpaste, dental floss, some medications, sanitary pads, mouthwash, and much, much more.
4. I have recently established a new reward system in my office. This reward system was established to encourage students to visit the Student Health Clinic for illness, injuries, and most importantly for health education and consultation. Every time you visit our office for anything other than completing your health requirements, you will be given a reward card. Every time you come in, your reward card will be stamped. The more visits you make to our office, the bigger the prize, and the more you will know about your health. What a deal!

## **From the Student Health Office:**

News reports about the recent tragic death of a USC student who contracted meningitis has raised some questions. Health Services has received a number of calls from students asking for information about meningitis and the availability of the meningococcal vaccine (menomune).

The vaccine can be ordered by Health Services for students at a cost of (\$60) upon request. Call Ext. 2685 (Doheny) or Ext. 4110 (Chalon) to order the vaccine and make an appointment. The Center for Disease Control recommends that college students who live in resident halls be vaccinated against meningitis if they want to decrease their risk of infection. The disease is a rare, but potentially fatal, bacterial infection. Once contracted, it progresses very quickly. Also, initially it can be difficult to diagnose. Symptoms may include severe headache, fever, stiff neck, rash, nausea, vomiting, and lethargy and may resemble the flu. You are urged to seek immediate medical attention if you have two or more of these symptoms concurrently.

It is spread through direct contact with saliva (e.g. kissing, sharing drinking glasses) or through droplets of respiratory secretions (e.g. coughing, sneezing).

Health Services recommends that resident students, particularly freshmen or recent transfers, receive the menomune vaccine. Please contact us if you have any other questions. You may also visit the American College Health Association's Web site at [www.acha.com](http://www.acha.com) and click on the meningitis section for more information.

If you have any questions about this vaccine or other health concerns, please call me, Stella, at Ext. 2685.

## **COPING WITH CRISIS**

The devastating tragedy of the recent terrorist attacks on America has effected people in a myriad of ways. From grief to horror to outrage, we all have been touched by these life-altering events. After a crisis or trauma, people may experience a variety of emotional, cognitive, physical and behavioral symptoms of stress. Although people respond to crises differently, there are common reactions that accompany crises and it is important to take care of yourself so that your symptoms do not overwhelm you. The following is a list of some typical responses and suggested coping strategies. Remember that these are normal reactions to abnormal events and that you may go through in varying degrees and stages.

### **Physical Reactions**

- Fatigue
- Exaggerated startle response
- Insomnia or hypersomnia
- Headaches, back pain,
- Changes in appetite
- Nausea, stomach aches
- Nightmares
- Trembling

### **Cognitive Reactions**

- Poor concentration
- Difficulty making decisions
- Flashbacks of disturbing images
- Intrusive thoughts
- Memory problems
- Decreased problem-solving abilities

### **Emotional Reactions**

- Shock, denial, numbness
- Survivor guilt
- Grief, sadness, depression
- Mood swings
- Outbursts of anger & irritability
- Feeling helpless, hopeless
- Fear, anxiety, panic
- Increased need for control

### **Behavioral Reactions**

- Restlessness, agitation
- Inability to relax
- Changes in activity level

## **Cont. of Psychological Services:**

Archives  
MSMG

### **Coping Strategies**

- Alternating physical exercise and relaxation, especially within 48 hours of the event, can decrease physical symptoms.
- Reach out and connect with others. Share experiences about how you learned about the event, how you feel now, and how your life may have changed.
- Express your feelings in verbal, written and artistic forms.
- Let yourself cry.
- Pray, meditate or attend religious services.
- If you are feeling down, try to plan an interesting activity every day, focus on a special event, and remember you have a future.
- Participate in community events to remember the victims (e.g. wear a yellow ribbon) or to help survivors (e.g. donate blood).
- If you have changes in appetite, try to eat regular, balanced meals.
- If you are experiencing sleep problems, keep regular bedtime hours; do something relaxing one-hour before bed.
- Take breaks from the media coverage of the events (e.g. turn off the television).
- If you are fearful, spend time with trusted friends and family members
- Try to get back to your normal routine.
- Generally, these symptoms diminish over time; however, if they persist or interfere with your daily functioning, it is helpful to talk to a counselor. For assistance, contact: Counseling and Psychological Services at Ext. 4114 (Chalon) 2668 (Doheny)

On a final note, another way to cope with crisis is to focus on what we can learn from the experience. The Chinese character for the word “crisis” is a combination of the word “danger” and “opportunity.” While the danger of this crisis has certainly shaken our world, may we somehow find opportunities for growth from this experience.

## From the Dean:

Dear Students:

Please join me in thanking **MARIA LYONS** for all she does to nurture a united and loving atmosphere on campus for us. With the assistance of many students, Maria coordinated our Orientation for new students in August and enabled all to feel the Mount's welcome. She coordinated our efforts--administrators, campus ministry, ASB, faculty, staff--to reach out in unity and prayer for the victims in New York a week ago Friday at the Adams gate as we rang our bells, waved our flags and took our candles to light that evening. This past week she arranged a beautiful celebration for our housekeepers. Thank you, MARIA, for keeping us focused on peace and love!

At the Mount, the faculty and staff are here to assist you! I encourage you to **check your College Business email** often during the week. Just this week we received two valuable messages from the **Financial Aid** office--one regarding "The 2002 Hispanic Scholarship Directory" and one regarding "The Best Book Buys Scholarship." Please also confirm with Financial Aid personnel that your paperwork is complete and that your loans are in place.

Also on our College Business email, there is an excellent **MSMC Health watch Bulletin** provided by our nurse, **Stella Wohlfarth**, on the value of flu shots.

Please make sure that you are up-to-date with your payments to the **Business Office** and to TMS. Students who are not up-to-date will be dropped in mid-October. If you are unsure of your status, PLEASE take time to check with our Business Office personnel.

Remember: **Communication** is the **key to success** in our relationships, personal, professional, educational. Let's continue to use our power to change our world--with a **smile**, a kind **word**, a **compliment**, a **prayer**, a small **kindness**—with **communication**!

Blessings on you,  
Sr. Janet Duffy

## **FROM THE STUDENT HEALTH OFFICE**

1. Please note the following change in the Doheny Student Health office hours for the week of September 24<sup>th</sup>:

OPEN on Monday, Sept. 24 from 9:00 a.m. – 4:00

OPEN on Tuesday, Sept. 25<sup>th</sup> from 8:30 a.m. – 1:30

CLOSED Wednesday Sept. 26<sup>th</sup> and Thursday Sept. 27<sup>th</sup>

2. You may be asking what happens if I get sick, and Doheny Student Health Office is closed.
  - a. First, every student must know what type of health insurance she carries. Many of you have a health plan through your parents, but you may not know the name of the plan, how to use the plan and what's covered. If you don't know this information, find out immediately. Call the insurance company, ask your parents or visit the Student Health Office.
  - b. Make sure you carry the health insurance card with you at all times. You never know when you will need it. (Please note that you don't need proof of insurance to utilize either Doheny or Chalon Health Services.)
  - c. When I am not here, you may also go to Chalon Health Services which is open M-F 8:00 a.m.- 4:30 p.m. If however you need an appointment with a physician or a nurse practitioner, these are scheduled on M-F in the afternoon only, usually between campuses for your transportation convenience.
  - d. You may also see your own health care provider when the need arises. Some of you, for example belong to Kaiser Permanente. The closest Kaiser facilities to the Doheny campus is:

Kaiser West L.A.  
6041 Cadillac Ave.  
(213) 857-2631 (emergency services)

Kaiser Sunset (L.A.)  
1526 N. Edgemont Street  
(323) 667-4011

3. The closest Family Practice Clinic to the Doheny campus is California Hospital Family which is located at 1414. S. Grand Ave, 2<sup>nd</sup> floor (across from the hospital (213) 742-5883). They accept Medi-Cal and many other types of insurance at this clinic, but always check this information in advance before making an appointment.
4. For those of you that have insurance through the Mount, CCN Network, you must go to the Doheny or Chalon Health Services for routine visits. If you are ill or injured and the Student Health Office is closed, you may go to any health care facility for treatment. Be prepared to submit a claim form for each visit that is made; otherwise the insurance will not pick up their share or cost. If you have other questions regarding the CNN Network plan, please see me or call the insurance company; their phone number is listed on the insurance card.

If you have any questions, please feel free to call me or stop by the office.

## From Student Affairs:

### **Annual Campus Security Reports**

On Tuesday, October 16, Dr. Mari Wadsworth sent a campus-wide email announcing the completion of the 2000 Campus Security Reports for Mount St. Mary's College and included two Word documents of the Chalon and Doheny reports. Since then, a few people have notified Student Affairs of difficulty in accessing the attached files. Below are the instructions to open the security reports.

1. Open the original email message containing the security reports.
2. Click on the attachments, one at a time, and save each one as a Word or text document to either a disk or your hard drive.
3. Open your word processing software and click on the saved file to read the security report.

If you continue to experience difficulty in saving or reading the files, a hard copy of both the Chalon and Doheny 2000 campus security reports are available in either Student Affairs at Chalon (H200) or Residence Life at Doheny (McIntyre).

These reports provide important information about the safety concerns and issues on our campuses. The constant attention to the security of the entire Mount community is the responsibility of us all.

So, please support Campus Ministry with your generous donations and hope to see you on October 31<sup>st</sup> for Neighborhood Trick or Treat!

\*\*\*\*\*

RCA is having a Canned Food Drive until November 16<sup>th</sup>. We encourage everyone to donate at least one can. Boxes will be kept with the RAs of every Floor/House. ## From the Student Health Office:

1. On November 16<sup>th</sup>, I will be presenting a lecture on "Sexually Transmitted Diseases" from 1-2 p.m. in the Donohue Center. You can bring your lunches with you to the presentation. You don't want to miss this very informative event!
2. Even though the deadline for dormitory clearance was October 31<sup>st</sup>, you still have time before you head out to the registrar's office to clear. All resident students must meet all their health requirements in order to register for spring semester and remain in resident halls.
3. Some of you still have not picked up your health insurance card from our office. If you have purchased health insurance through MSMC, please pick up proof of your insurance as soon as possible.
4. Our office carries many over the counter medications for FREE. So if you're ill or not feeling well, please feel free to stop by our office. We also carry many pharmacy-like items such as lotions, thermometers, dental floss, some medications. We have a great travel size toothpaste, dental floss and toothbrush for only \$1.50. So stop by and see what we have. If you would like a particular item and we do not carry it, we may be able to get it for you.
5. October and November are extremely busy months for our office; therefore, appointments are highly recommended. Walk-ins will only be accepted if time permits or the situation is extremely urgent and requires immediate medical care.
6. Very few students have received the Menomune vaccine (vaccine against bacterial meningitis) thus far. The vaccine is the best defense we have in preventing this potentially deadly disease. We realize that the cost of the vaccine may be deterrent for some of you in getting this shot, but the benefits are significant. The cost is \$60.00 for the vaccine which protects you for 3-5 years. If you are interested in getting the vaccine, I will work with you in trying to break down the payment for you, or you could apply for the "Sister Margaret Rose Cafferty Fund." If you qualify, our office will pay for the vaccine.

## **From Campus Ministry:**

**“Speak up!”** Every staff and student of Mount Saint Mary’s who is (or is “sort of”) Catholic is invited to a Speak up session about the church in Los Angeles to be held on:

**Tuesday, November 20<sup>th</sup>, at 1:00 pm in the Doheny, Donohue Center.**

Cardinal Roger Mahony is asking all baptized Catholics to share their thoughts and feelings about the church, and about the ways we believe the church needs to move as we respond to our own time and situations.

This Speak up session is being held in every parish and school, college or campus ministry center, prison, soup kitchen or catholic hospital. All baptized Catholics of every background are welcome to these sessions. At the session, you will be asked to give your perceptions of the church.

Everyone’s views will be listened to with respect (this is not a time to debate), and everyone’s views will be written down and brought together – from every “Speak Up” setting throughout the Archdiocese--for reflection and review.

**What is all this about?** Throughout the history of the Catholic Church, there have been gatherings known as “Synods,” in which leaders come together to discuss the needs of the Church and ways to respond. This happens on many levels, from the diocese to the universal Church.

For most of our history, Synods have been exclusively or predominantly made up of bishops and priest. For the first time in the history of Los Angeles, the Archdiocesan Synod is open to all of the baptized--lay, religious and ordained. Everyone is asked to participate.

If you have any questions please feel free to call the Campus Ministry Office at Ext. 2694. It is our hope that you will participate in this genuine opportunity to help shape the future of the church in Los Angeles.

**Hunger Banquet:** We live in a world in which 1.3 million people (about one quarter) of the world’s population live in poverty. Every two and a half seconds, a child under five dies of hunger related causes. That is 34,000 children a day. On November 12, 2001, Campus Ministry, Doheny, will be hosting our first annual Hunger Banquet. Find out what it is really like to be segregated into a social class. Don’t miss out! Remember, November 12, 2001, at 6:30 p.m. in the Donohue Center. For more information call Ext. 2672.

.....

## **From ISAE:**

And when I pray for you, I pray with joy."

**Sincere thanks** to you, Students, to Maria Lyons and the ASB, and to the many Administrators and Faculty/Staff who discussed concerns and offered suggestions for improving our services for you here at Doheny. The Spirit of our Holy Spirit Mass last month was definitely with us on Tuesday! We are all working hard to ensure that our next registration will run smoothly. Some additional sections of closed courses are being added to the Spring 2002 schedule. Remember, you can add/drop courses for Spring 2002, beginning on Monday, November 26.

## **FROM THE STUDENT HEALTH OFFICE:**

1. I apologize for having to cancel the STD presentation scheduled for November 13<sup>th</sup>. If this will not be possible, then I will do it in the spring semester.
2. We will have some very exciting programs scheduled for the spring semester. These include, a massive Blood Drive by the American Red Cross. This event will be sponsored by Doheny Health Services and the Associated Student Body. The exact date of this event will be announced at a later time. Another major event coming up in the spring semester is a college-wide "Back Screening" which will be performed by chiropractors. I hope you will take advantage of both of these events.
3. Just a reminder for those of you who have started the Hepatitis B series, please make sure you complete the series. The vaccine is a series of three shots that are administered over a 6 month period. Many of you will be due to complete your third dose in the spring, so please make sure you schedule your appointment.
4. Please keep in mind that our office also offers HIV testing which costs only \$13.00 and it is completely confidential.

## Libro Abierto:

*Libro Abierto* is Gallardo's autobiography. It is a collection of stories. The telling of these stories has helped Gallardo reflect and make meaning out of family and all that Familia entails, pain and pride, beer, and laughter, witches and well, you'll see...and life wouldn't be life without lost loves. These are her songs, ballads of her broken heart...broken, but open.

Anamarie Gallardo is a Professor of Theatre at California State University, Northridge, where she is dedicated to directing productions and teaching courses that encourage diversity.

At Arizona State University (ASU), Gallardo earned a B.A.E. in Theatre/English and Secondary Education and an M.F.A. in Child Drama. Since graduating from ASU, Gallardo has used theatres as a vehicle for teaching diversity. Gallardo worked closely with Executive Director Tony Plana in the creation of *Beyond Borders*, an after school educational program for underprivileged children. Gallardo is tireless in her efforts to increase diversity in the arts. She leads workshops on the subject, and she teaches for the California Arts Project, a state organization dedicated to providing quality art experiences for teachers.

Gallardo works regularly as a storyteller. Prior to joining CSUN's faculty, she recorded several Hispanic folktales for the Children's Press. Ten stories were placed on cassettes, entitled *Our Multi-ethnic Heritage: Hispanic Folktales*. Three others have been placed on individual cassettes accompanying a fully illustrated book.

### **Mardi Gras:**

Mardi Gras celebration is coming up this Tuesday February 12, 2002, the day before Ash Wednesday. Throughout time it has grown as a big Catholic Tradition- somewhat of big party before the 40 day Lenten season of fasting and prayer begins. It's named "FAT TUESDAY" because of all the baking of sweets. Mardi Gras party tradition has evolved into the revelry in New Orleans and Rio de Janeiro with which we are familiar. Campus Ministry will also take part in this festive event. Join us from 1-2 p.m. Feb. 12 in the cafeteria to receive sweet treats and taste our special Mardi Gras punch. We will also be handing out beads for you to wear. Don't forget to join in all the fun.

### **Ash Wednesday:**

The first day of Lent. On this day, ashes from the burning of palms from the previous year's Passion Sunday are blessed and placed on the foreheads of the faithful as a sign of penance. In the early Church, public penance was performed by people wearing sackcloth, who were then sprinkled with ashes. As public penance gradually died out, about the eleventh century, the custom of receiving ashes at the beginning of Lent gradually came into being.

***Who can be on my team?*** A team can have any kind of combination of students, faculty, staff, and alumni. There can be up to two men per team but they must be MSMC affiliated as well.

***I'm not in that great of shape can I still participate?*** Of course! Athenian Day is a sports and recreation centered day, but there are many events that do not require much physical activity and some events will challenge the mind too! You never have to do something you feel uncomfortable with. Plus, teams will also be rewarded for good spirit!

***Are there any fees?*** \$6 per person, which includes a t-shirt for every member and the luncheon, held after the events.

***Anything else?*** Team captains from each team will have a meeting the week prior to get any additional information and an event package. Time, date, and place to be will be announced.

***Don't miss out!*** It only happens once a year. If you have any questions please call the Fitness Center. Doheny \*2673, Chalon \*4345.

## **From Psychological and Counseling Services:**

### **Stress Buster for the Week**

Often during stressful times we seek comfort by increasing our unhealthful habits: smoking, drinking, using drugs, over-eating, etc. This season of Lent offers a great time to take a look at how you cope with stress. You may want to try more healthful methods, such as exercising, journaling, talking with a friend you trust, listening to relaxing music or praying.

## **From Residence Council Association:**

On Saturday, February 2<sup>nd</sup>, USC hosted the Central Rap Conference, "Common Threads." The RA's on both campuses, RHA, and RCA represented Mount St. Mary's College. They represented the college by flaunting the proud school colors and by showing school spirit as much as possible. All this was handsomely rewarded because the judges decided to award us this years Spirit Stick. Many thanks and congratulations to all who participated and helped. Special thanks to Jazmin Walker. She graciously braided everybody's hair. Lashante and Amanda helped us with a great cheer and dance routine.

All residents that are interested in watching the video will get the opportunity to do so in our next general meeting which will take place on Wednesday, Feb. 20<sup>th</sup>, at 8:30 p.m., in the Donohue Center. Please attend and help support your floor house.

Please have your cheer ready for roll call.

## From Counseling and Psychological Services:

### *Stress Buster for the Week*

Getting a college education is more than just going to class and doing the homework.

Learning to say “no” to friends is often difficult, but sometimes it is absolutely necessary. We may fear we lose friends if we say “no”, or we feel disrespectful to our parents if we say “No” to their request. But saying “NO” to others can mean saying “YES” to yourself. What help are we to others if we haven’t taken care of our own needs? Plan your day so you can say “YES” to yourself. Being over-committed leads to stress and illness...then you are neither a good friend nor daughter.

Feel like you’re carrying the world on your shoulders? Call Ext. 2668 to schedule an appointment with a counselor. You will find us in Bldg. 7. Office hours: Tuesday, Wednesday, Thursday from 8:30 a.m. – 4:30 p.m.

## From Counseling and Psychological Services:

### **Stress Buster for the Week**

Getting a college education is more than just going to class and doing the homework.

Ever stay awake at night worrying about something you said or did and what others are saying about you? We often overestimate how much others notice our appearance or our behavior. Studies show that when we commit a social blunder, we judge ourselves more harshly than others do. If you are stressed out about what you imagine others may be thinking of you, relax and be gentle with yourself. Remember that you're probably more aware and more judgmental of yourself than others are.

Feel like you're carrying the world on your shoulders? Call Ext. 2668 to schedule an appointment with a counselor. You will find us in Bldg. 7. Office hours: Tuesday, Wednesday, Thursday from 8:30 a.m. – 4:30 p.m.

**From Counseling and Psychology Services:**

**Stress Buster for the week**

Although sleep is necessary, it is not the only way to restore energy. In fact, tension and anxiety can stay in your body while you are sleeping. Other ways that expel the tension may be more helpful in restoring your energy. Try exercising, meditating, playing a musical instrument, laughing, having fun with friends and family, and being creative. When you feel that fuzzy, tired feeling coming out, try a new way of energizing and refreshing yourself.

# MSMC Healthwatch Bulletin

March 2002

*Written By : Stella Wohlfarth, RN, MSN, PHN, CCE*

## A "Rough Guide" to Fiber Facts

Since March is "National Nutrition Month," I wanted to write this "Healthwatch Bulletin" on fiber, a dietary component that is essential to adults and children, but yet most of us don't get enough of it on a daily basis. According to the government's most recent National Food Consumption Survey, fiber intake is decreasing among adults and children in the U.S., while fat intake, more specifically saturated fats and cholesterol is on the rise.

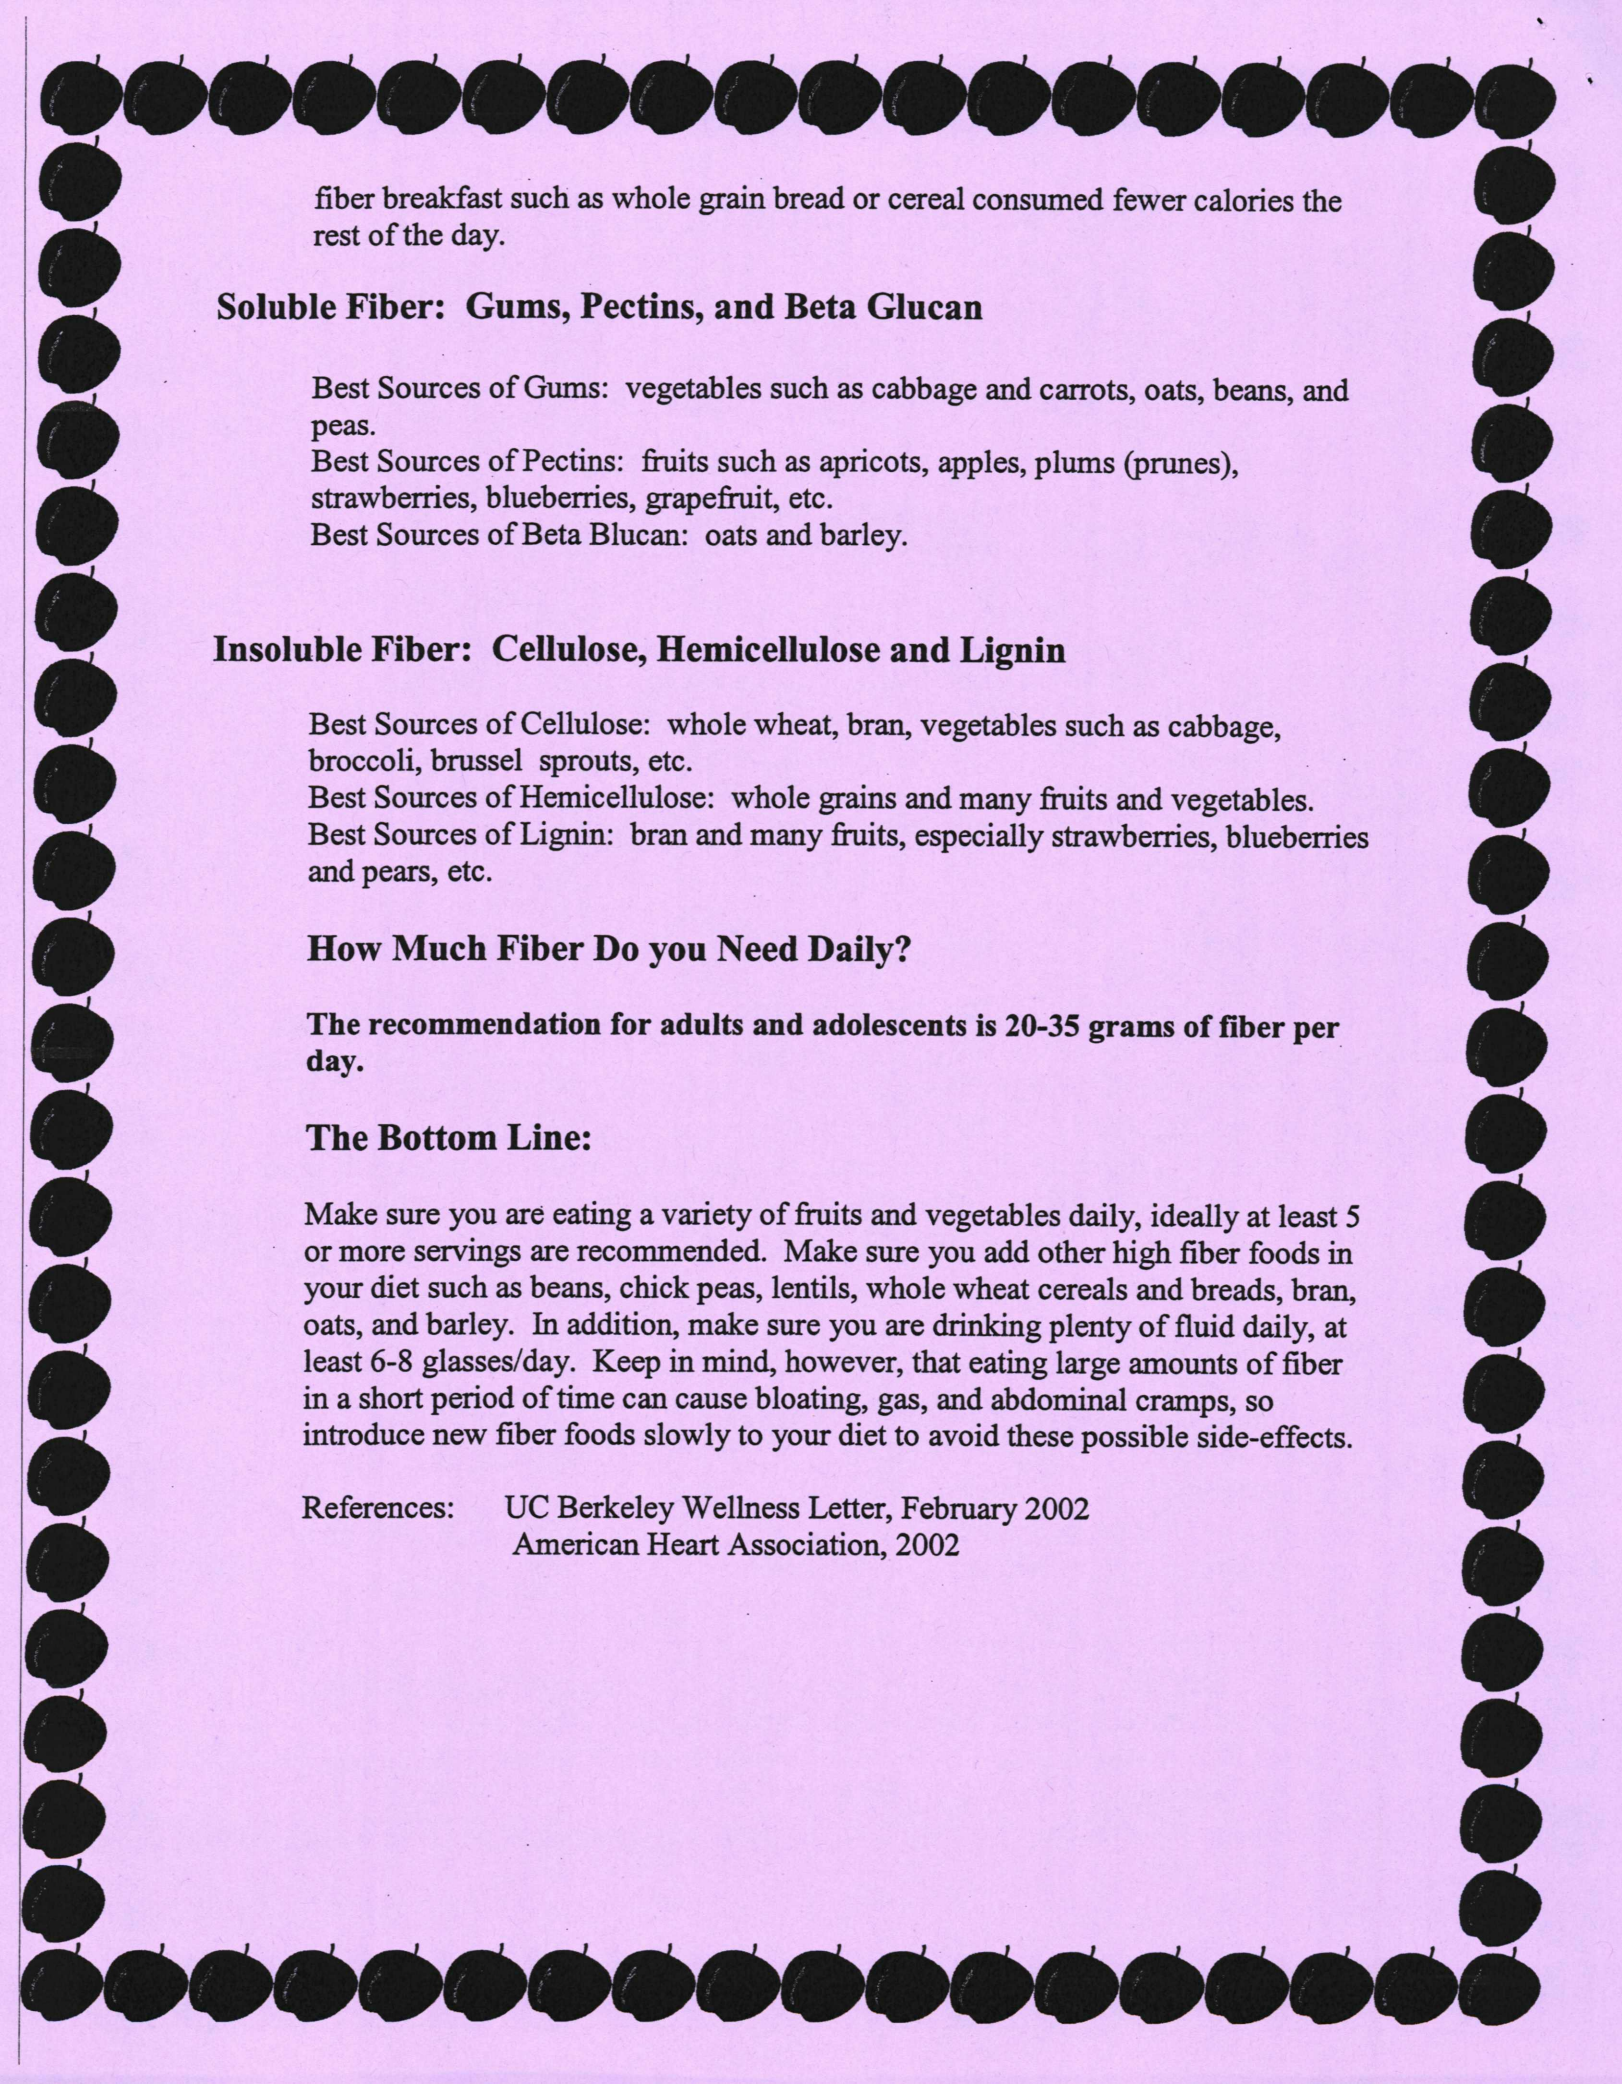

### What is Fiber?

Fiber or roughage is a substance that is made of cellulose, hemicellulose, lignin, pectin and gums. There are two categories of fiber: soluble and insoluble. Soluble fiber attracts water and turns to gel during the digestive process which slows down digestion and the rate nutrients are absorbed from the stomach and intestine. Insoluble fiber repels water and doesn't turn to gel during digestion. This helps to speed the passage of food through the stomach and intestine and gives bulk to the diet. Dietary fiber is found in plant foods. Fiber cannot be digested by human beings. It has no calories because the body cannot absorb it.

### Why is Fiber Necessary in One's Diet?

- Scientific studies show that soluble fiber as part of a low saturated fat and cholesterol diet can help lower blood cholesterol levels, especially the "bad" cholesterol - LDL (low-density lipoprotein).
- Insoluble fiber helps promote bowel regularity, and helps prevent constipation, a very common problem in adults and children.
- Many studies now suggest that insoluble fiber helps reduce the risk of certain cancers, including colon cancer.
- Studies also show that a high fiber diet helps reduce certain digestive disorders such as diverticulosis, diverticulitis, and irritable bowel syndrome.
- A diet high in fiber and low in fats has been shown to be beneficial in helping people lose weight faster since fiber helps to keep you feeling full longer. Australian researchers recently found that people that start their day with a high

fiber breakfast such as whole grain bread or cereal consumed fewer calories the rest of the day.

### **Soluble Fiber: Gums, Pectins, and Beta Glucan**

Best Sources of Gums: vegetables such as cabbage and carrots, oats, beans, and peas.

Best Sources of Pectins: fruits such as apricots, apples, plums (prunes), strawberries, blueberries, grapefruit, etc.

Best Sources of Beta Glucan: oats and barley.

### **Insoluble Fiber: Cellulose, Hemicellulose and Lignin**

Best Sources of Cellulose: whole wheat, bran, vegetables such as cabbage, broccoli, brussel sprouts, etc.

Best Sources of Hemicellulose: whole grains and many fruits and vegetables.

Best Sources of Lignin: bran and many fruits, especially strawberries, blueberries and pears, etc.

### **How Much Fiber Do you Need Daily?**

The recommendation for adults and adolescents is 20-35 grams of fiber per day.

### **The Bottom Line:**

Make sure you are eating a variety of fruits and vegetables daily, ideally at least 5 or more servings are recommended. Make sure you add other high fiber foods in your diet such as beans, chick peas, lentils, whole wheat cereals and breads, bran, oats, and barley. In addition, make sure you are drinking plenty of fluid daily, at least 6-8 glasses/day. Keep in mind, however, that eating large amounts of fiber in a short period of time can cause bloating, gas, and abdominal cramps, so introduce new fiber foods slowly to your diet to avoid these possible side-effects.

## **FACULTY RECOGNITION AWARD**

## **Proficiency Tests:**

Students must pass all their proficiency tests to graduate or transfer to Chalon. It's best to do this as soon as you can rather than waiting until the last moment. Recently you received a notice from Sr. Carol telling you which tests you have and have not passed. If there are tests you haven't passed, you should plan to come and take them on the following days. You can come anytime on that day; you do not need to make an appointment. Unless otherwise stated, you can have as long as you need for the test.

Monday, April 8 – Writing (Students in Eng. 1B and 6B will be taking this as part of their final. Do not come and take it here). Give yourself at least an hour; you may have as long as you need.

Tuesday, April 9 – Nursing Math Test. This test is one hour.

Wednesday, April 10 – Reading. Give yourself at least an hour for this test; you may have as long as you need.

Thursday, April 11 – Basic Math and Algebra. Be sure you know which test you should be taking. The basic math test takes about 30 minutes; the algebra test takes about 45 minutes. You can have as long as you need for each test.

#### *Stress Buster for the Week*

Can you believe it? Only four weeks of classes left -- then finals! Start preparing now, so you won't feel rushed and stressed out that last week of school. Ask your professors what type of test will be given and what materials it will cover. Make a plan to review a few chapters or lessons each day. Underline main points, make vocabulary lists, create possible questions and recite the answers to yourself or a study buddy. Do your best so you can expect the best results! Imagine how good you'll feel when you receive that A!

Feel like you're carrying the world on your shoulders? Call Ext. 2668 to schedule an appointment with a counselor. You will find us in Building 7. Office hours: Tuesday, Wednesday, and Thursday from 8:30 a.m. to 4:30 p.m.

## **Mary's Day 2002:**

Mary's Day, the annual academic honors and college awards convocation for the BA degree, will be held this year on Saturday, April 27th, beginning at 2 PM in the Little Theater (Chalon campus).

The recognition of our senior achievements is an important part of the graduation process at the Mount. One way each of us contributes to this experience is by participating in the selection of the award recipients: some awards are determined by students, some by faculty, and yet others by staff. Also, by lending our presence on Mary's Day we demonstrate our pride and happiness in the achievements of our students and friends.

Please plan to join the Mount community in honoring these students who will be recognized on April 27th. All students, faculty, staff, administrators and their families are invited to attend the Mary's Day ceremony and reception.

Formal invitations to students who are to be officially recognized at Mary's Day will be mailed out soon. Please RSVP as soon as possible. Congratulations to everyone, for your hard work and academic success!

## **From Counseling and Psychological Services:**

### *Stress Buster for the Week*

**How would you rate yourself?**

(    ) Always Happy (    ) Somewhat Happy (    ) Never Happy

A recent study of American freshmen conducted by UCLA's Higher Education Research Institute found that only 53.4 percent of freshman consider their emotional and physical health to be above average. In general, women rated themselves lower than men. If you're feeling unhappy, try to discover what is making you unhappy. Begin taking control of your emotions by choosing to do the things that make you happy. If you need help, talk to a trusted friend or family member. We at Counseling Services are also here to support you; so call for an appointment before the semester ends.

Feel like you're carrying the world on your shoulders? Call Ext. 2668 to schedule an appointment with a counselor. You will find us in Building 7. Office hours: Tuesday, Wednesday, and Thursday from 8:30 a.m. to 4:30 p.m.

\*\*\*\*\*

Come out and support your friends and fellow students at this first-time event. We hope to make this a recurring event each semester to showcase the writing accomplishments of our Doheny students.

**Teachers:** Please encourage your students to come by giving them extra credit for it.

## **From the Admissions Office:**

On Sunday, April 21<sup>st</sup>, 2002, the Admissions Office will be hosting our annual "Admitted Student's Day." The program will run from 12:00 - 5:00 p.m., and we will be using various parts of the Doheny Campus.

Admitted Student's day is one of the most important programs that the Admissions Office hosts. This is the day where many students decide whether or not they will attend the Mount next Fall. The goal of the day is to make sure that all students and their families feel welcome. They will be meeting with faculty and current students in their major, learning more about life as a resident or commuter, going on a campus tour, and learning more about all of our clubs and organizations at an activities fair. Hopefully, by the end of the day, they will leave here with the feeling that MSMC is the right school for them.

We invite you to help us prepare for this event. If you have any bulletin boards that you would like to decorate, we encourage you to do so. This event is a great way of giving these admitted students an idea of what the Mount is all about! It is also a great way to welcome them into our community, and encourage them to participate in activities on campus when they start school here next fall!

If you have any questions or concerns, please feel free to contact the Admissions Office at ext. 2565. Thank you for your continued support of our events!

## **Mary's Day 2002:**

Mary's Day, the annual academic honors and college awards convocation for the BA degree, will be held this year on Saturday, April 27th, beginning at 2 PM in the Little Theater (Chalon campus).

The recognition of our senior achievements is an important part of the graduation process at the Mount. One way each of us contributes to this experience is by participating in the selection of the award recipients: some awards are determined by students, some by faculty, and yet others by staff. Also, by lending our presence on Mary's Day we demonstrate our pride and happiness in the achievements of our students and friends. Please plan to join the Mount community in honoring these students who will be recognized on April 27th. All students, faculty, staff, administrators and their families are invited to attend the Mary's Day ceremony and reception.

Formal invitations to students who are to be officially recognized at Mary's Day will be mailed out soon. Please RSVP as soon as possible. Congratulations to everyone, for your hard work and academic success!

## From Counseling and Psychological Services:

### **Stress Buster for the Week**

Term papers! Final exams! Graduation! Moving! Transferring! Celebrations!

Leaving friends! Returning Home! Summer Job! Summer School! Etc.! Etc.!

"Enough is enough," you say. When things pile up, don't let your body and mind become overwhelmed. Instead, make a special effort to take care of yourself by getting enough sleep and eating healthy foods. Take exercise breaks in the sunshine or call a friend who makes you laugh. It never hurts to take a deep breath and say a prayer. You can deal with the stress better if you are functioning at your best.

This is our last week to see clients; our office will be closed for the summer. We have enjoyed serving you during this year, and we wish you a fun and relaxing summer. If you desire counseling during the summer, we can suggest referrals. Just call our office at ext. 2668, or come by Building 7 for a list of providers. Thanks, Carrie Jo and Casey

## From The Learning Center and The Advisement Center:

### On taking **Summer School Classes**

If you are planning on taking a summer school class and having the credits transfer to Mount St. Mary's, please follow these instructions:

1. Talk to your advisor about the class you want to take to be sure it will transfer as one of our courses.
2. Get from the Advisement Center a **Transfer of Credit Clearance** form that you fill out and return to the registrar's office **before** you take the class.
3. Enroll in the class. Sometimes (especially in English and math classes), there is a pre-requisite. You can ask Sr. Carol to write you a letter that assures the college that you are going to meet the pre-requisite. There are forms for this letter in the Learning Center. Take the letter Sr. Carol writes for you to the college when you go to register.
4. Take the class and do well. Then request that the transcript be sent to Mount St. Mary's College.

## From the Center for Cultural Fluency:

### **Award Winner 2002**

**Sister Judy Diaz Molosky, CSJ and Dafer M. Dakhil**

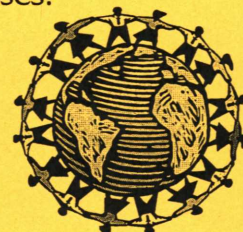

Each year the Center for Cultural Fluency gives an award recognizing outstanding crosscultural leadership in Los Angeles. This year the award is shared by Sister Judy and Dafer Dakhil. Mr. Dakhil is director of Community Development for the Omar Ibn Al Khattab Foundation. Many of you met him last fall when he organized the women's panel that came to speak during Muslim Awareness Week.

Sister Judy is director of the Center for Urban Partnership. She is honored for bringing the culture of our communities onto campus via community partnerships and service learning opportunities. She is also honored for her empowering vision of how to develop cross-cultural leadership skills in Mount students through her work with the Urban Interns, Voces Latinas, Youth Summit on Peace and the Peace Makers Retreat. If you see her, (she's the one carrying the blue plaque around), you may want to give her a "Hooray for SJ" cheer.

### **Where were you 10 years ago today?**

Today, April 29, 2002, is the tenth anniversary of Los Angeles burning in the wake of the Rodney King decision. It is a good time to reflect about what you were doing ten years ago today. Had you gone to work or school that day? Were you scared? What kinds of things did your family and friends say about what happened? Who was to blame for what?

In the Korean American community, many still refer to what happened by the date name, sa-i-ku, or April 29, in much the same way we now refer to 9/11. Korean Americans suffered a disproportionate share of the property damage, by some estimates 50% of the total loss city-wide, and many were unable to reopen their businesses. The Center for Cultural Fluency was started in part as a response to Rodney King's question, "Can we all get along?" We know there is a lot of hard work yet to be done and that learning about others is one of the most important ways we can become leaders against prejudice and hatred.

## From the Office of the Provost:

I have a double announcement of good news to bring to the Mount Community. Sr. Janet Duffy has been granted a leave from the college for one year so that she can complete her doctoral work at the University of Southern California. We will miss Sr. Janet, but we are also happy for her that she will have time to make the most of her research and writing that will complete her doctoral study. She'll be returning to us in the summer of 2003.

The other good news is that Sr. Joseph Adele Edwards has graciously consented to be Interim Dean of the Associate Arts Program during the 2002-2003 year. She is a wonderful choice with her two years of experience administration at Doheny, her many tears of teaching, and her obvious devotion to the Associate in Arts Program. We wish both Sr. Janet and Sr. Joseph Adele well as they come and go, and we look forward to a fruitful year for both of them and for the college.

Sister Mary Williams  
Provost and Academic Vice President

## From the Dean:

Dear Students,

Special THANKS to you, our faculty and our staff, for making the Doheny Campus a wonderful place to learn and to live. As we bring this 2001-2002 academic year to a close, I encourage you to reflect on how well you realized your personal and academic goals and dreams. I also encourage you to take time for yourself this summer to relax and refresh your spirit, and to plan ways to make next year an even better one.

The faculty and staff join me in wishing all the best blessings for each of you:

those who are returning to Doheny,  
those who will continue at Chalon,  
those who will transfer to other colleges, and  
those who will begin careers.

Know that it has been my privilege and my pleasure to work with you this year, and that I look forward to working with you again when I return in the summer of 2003. I am grateful that Sister Joseph Adele will be working with you next year, and confident that you will appreciate and enjoy working with her.

With love and prayers,  
Sister Janet Duffy

**Have a great summer!**
